Qi Dao - Tibetan Shamanic Qigong Lama Somananda Tantrapa 2007 "Why Men Marry" is written to address multiple reasons for men embracing the institution of marriage. It is my opinion that many real-life motives are not discussed or simply written off as trivial. For example: a man may marry to find out if love really exists. The male becomes exasperated by revolving door relationships that simply demand more and more material expectations for continued involvement. Exploring personal motives for marriage can produce a lifetime of growth, accomplishment,

and personal satisfaction to the individual who is willing to invest time and energy into future rewards. Marriage for convenience hinders the prospect of mutual satisfaction and the betterment of our society. Better marriages will bring a healthier society. It is my belief that reading concise episodes of individual lives will open a new world of discovery about yourself. If you can appreciate uncovering fifty reasons why men entertain marriage then "Why Men Marry" will be a book you will want to read and give to a friend for discussion. Each story can be quickly read to uncover the understanding of the male's mind for undertaking the mystery of marriage. The book is designed to be read while having morning coffee or enjoying a break at the office. Food for thought is what I used as a diet for this book. Are you hungry for new ideas about marriage?

Fox Magic Jason Read 2021-08 According to ancient legends, thousands of years ago a mysterious being known as the Nine Tail Fox taught her devotees the secrets of witchcraft and alchemy. This witch cult survives to this day and is practiced in many Chinese and Japanese communities in relative secrecy. From her origins with the ancient Wu Shamans and the Tantric dakinis, the author explores this unique and often overlooked form of witchcraft. Learn the history of the Fox Immortal and her influence on Asian politics and history. Investigate the Tantric origins of the Fox Goddess. Learn the secret rituals from the Chinese grimoires that invoke the help and aid of the Fox Immortal as a personal magical tutor. Learn the ways of glamour and fascination taught to devotees of the Fox Temple. Investigate the mysterious tantric rites of the Tachikawa Ryu. Investigate the Mysteries of the white branch of death and the red branch of sexuality. Learn some of the many spells used by the Fox cult of witches. ----- This may be a topic wholly new to the average western reader though it will have familiar elements, after all, all true Mysteries in the true sense of the word have a common thread. Some readers may be familiar with the Lady Fox from various pop-cultural references in Japanese anime or Hong Kong movies and even video games. It is Kitsune, the fox spirit of the west that is most accessible to the average western audience. However the cultus of the Fox goes far further back than her appearance in Japan and Korea, her roots seemingly going as far back as the ancient tantric

mysteries of India. I am a practitioner in the magical tradition of Taoism and it was in China that I learned the basics of the Fox Fairy as she is sometimes called. However China is a very conservative country and it seems obvious to me that a lot was implied but never spoken of, or perhaps even forgotten. I ventured into the depths of the mysteries of the Fox Lady and the path took me in many directions and through many synchronicities on that journey. While I preserve the fox tradition as passed to me, I do add some further material, also based on traditions that connect with her 'sadhana' [glossary]. I expect there will be an outcry from some Taoist and Shingon purists since in a sense I am resurrecting the heterodox Shingon cult of the Tachikawa. The logic of this decision will become clear. I am certain this is the correct move. In this way, we rise above the apparent shallowness of the Fox Temple as seen in contemporary Hong Kong for example, where the Fox Fairy has merely become a means to become a more attractive person in the world of film and music. In this book, I am giving the keys to true gnosis of the Path of the Nine-Tailed Fox.

Nakedtantra Jason Read 2020-04-16 There are many books on how to do magick, but not so many with stories about actually doing it and what happens. NakedTantra lays bare the inner states of the two brave souls involved in this extended magical work. An experiment, two people, two countries, one mind, experimenting in tantra meta-magick, cosmic astral travel to the land of no boundaries, looking for the doors of perception. Of necessity the contents of this grimoire might be considered erotic. And, with that thought in mind, it might also be that the reader is occasionally aroused by our story as it progresses. Some might find this an unwanted intrusion, into what is otherwise an exploration of a magical world. Others we surmise, will take this in good part, accepting that, a spoonful of sugar helps the medicine go down. To those who do not share these sensibilities, and are unmoved by what you are about to read, we offer our sincerest apologies.

The Northern Dipper Scripture Joshua M Paynter 2021-02-17 Parting Clouds Daoist Press is thrilled to present its translation of The Beidou Jing, or The Perfected Scripture of the Upmost Profoundly Numinous Northern Dipper That Prolongs Life and Affects Fundamental Destiny. As its title suggests, this Scripture allows a glimpse into the complexities of Daoist metaphysics, including time and space, as well as the nature of our existence and its causes. Through this Scripture we are presented with a clear view of the exciting dynamics of Daoist ritual text. It proposes some of the finest nuances of Daoist doctrine, and answers some fundamental questions pertaining to cyclic rebirth, ethical development, and the soteriological efficacy of ritually performed Scripture. It tackles the often confusing issues surrounding the implications of one's astrology, and how that corresponds to karmically defined destiny and the effects of previous causes upon our lived experience. The Beidou Jing expresses our relationship to, and

reliance upon, the seven visible, and two invisible, stars of the Northern Dipper. Through this, we see an illustration of this Daoist astro-deity, how these celestial bodies are deified, and how celestial position and movement play into the abilities and features of the deified forms. It further provides us with a ritual reading and practice to be performed throughout the calendar year, on the allotted days, by which the practitioner can effect change in the events that lie just beyond the horizon. As it states in the Scripture, "My destiny is none other than me," meaning that a practitioner is not bound by, and can change, one's life destiny. By performing these recitations and heeding the doctrines herein, a practitioner has the tools to alter the outcomes that have been set in motion in this life, as well as from previous incarnations. Lastly, the importance of this Scripture memorializing an interaction, many years ago in Chengdu, Sichuan, between Taishang Laojun and the Celestial Master, should not be overlooked. At its heart, this bequeathment is the testimony of a means to salvation, a means to end suffering, and a means to improve our world, even when all appears lost. The current Scripture, along with the Morning, Evening, and Noon Altar Recitations, form the main corpus of liturgical texts common to most Quanzhen Longmen Daoist temples. They are known collectively as the Four Immortal Scriptures, and contain within their covers the predominance of the essential doctrines. This translation completes this collection, and it is our sincere hope that they serve you well, that they are a comfort to you, and that they aid your practice.

Heavenly Stems and Earthly Branches - TianGan DiZhi Zhongxian Wu 2020-10-21 TianGan (Heavenly Stems) and DiZhi (Earthly Branches), commonly abbreviated to GanZhi, originated in the ancient Chinese cosmological sciences and is a complex calendrical system which was created to codify the patterns of life and of the universe itself. The ten symbols of Gan express the Yin or Yang perspective of Five Elements and embody the Way of Heaven. The 12 symbols of Zhi, made manifest in the 12 animals of the Chinese zodiac, hold the root of each Element and embrace the Way of Earth. This set of study cards beautifully presents the key characteristics of each of the 22 GanZhi symbols, making it a unique learning tool and reference guide. The Chinese character of each Stem or Branch is shown, and for calligraphers and those who want to draw the characters correctly the stroke order is clearly illustrated on separate cards. This accessible learning tool offers essential information on the fundamental building blocks upon which Chinese classical texts, classical Chinese medicine, Fengshui, Chinese astrology, traditional Chinese cosmology, Qigong, Neigong, Taiji, and other inner cultivation practices are built. These cards provide a key starting point for the beginning student and offer invaluable information for the seasoned

practitioner to deepen their practice. A companion book (9781848191518), also published by Singing Dragon, is available.

Tao Magic Ireneus László Legeza 1975

The Tao of Craft Benebell Wen 2016-09-27 For the first time in English, Benebell Wen reveals the rich history and theoretical principles underlying the ancient practice of crafting Fu talismans, or magical sigils, in the Chinese Taoist tradition and gives detailed instructions for modern practitioners who would like to craft their own Fu. Fu talismans are ideograms and writings typically rendered on paper and empowered by means of invocations, ritual, and transferences of energy, or Qi. Talismans can be used for many purposes, such as strengthening or weakening personality characteristics, finding love, earning more money, or easing emotional tensions in the home. The Tao of Craft shows how metaphysical energy can be harnessed to amplify, strengthen, weaken, dispel, or block other metaphysical energy and to rectify perceived imbalances in the material plane. Supported by an abundance of detailed charts and images, this book serves as a step-by-step handbook that gives readers the knowledge and confidence to craft their own Fu talismans for personal empowerment. Wen, author of Holistic Tarot, delves into historic and cultural contexts of the Fu, from the neolithic period of Chinese history to contemporary practices of esoteric Taoism. Providing a solid foundation in the principles of Eastern spellcrafting, she highlights the blending of Taoist metaphysical practices with Western approaches to magic by pointing out eclectic, integrating, and harmonizing facets from other cultures and religions. Historically, Fu talismans were used by medieval Chinese for alleviating illness; averting misfortune, magical attacks, and curses; defending against assaults; and avoiding poverty. This book shows Western practitioners that the skill and knowledge to develop an interactive relationship with spirit realms are still available to them today, and serves as a practical handbook for accumulating Qi energy from sources in the environment and channeling it in concentrated form into their own Fu talismans. From the Trade Paperback edition.

Fire Dragon Meridian Qigong Karin Taylor Wu 2012-07-15 Fire Dragon Meridian Qigong is a traditional Chinese internal alchemy method that embodies the spirit of the rising dragon, an auspicious symbol of transformation in

Chinese culture. The form works directly on the acupuncture meridians, releasing areas of stagnation and bringing the physical and emotional body into a balanced state of well-being. This Qigong form implements special visualization and breathing techniques in addition to movements that imitate sparks arising from a bonfire and swirling upward like a spiraling dragon. Stoking our 'inner fire' melts away the 'ice', or the areas of blockage and disease, opens our energetic pathways and allows the smooth flow of Qi in our meridians. The Fire Dragon practice follows the traditional internal alchemy process, where Jing (essence) transforms to Qi (vital energy), Qi transforms to Shen (spirit), and Shen returns to Emptiness. Fire Dragon Meridian Qigong is a key Qigong form for those seeking healing from cancer and other significant health challenges, and is the practice the authors turned to in order to transform the grief over their son's death. The book provides background information and a detailed description of the form itself, illustrated with calligraphy, meridian drawings, and photographs throughout.

Tibetan Shamanism Larry Peters 2016-09-27 Reflecting sixteen years of intensive fieldwork, this book is a rich chronicle of the daily lives, belief systems, and healing rituals of four highly revered Tibetan shamans forced into exile by the Chinese invasion during the 1950s. Larry Peters lived and studied closely with the shamans in Nepal, learning their belief system, observing and participating in their rituals, and introducing many dozens of students to their worldview. Including photographs of the shamans in ecstatic ritual and trance, this book—one of the most extensive ethnographic works ever done on Tibetan shamanism—captures the end of Tibetan shamanism while opening a window onto the culture and traditions that survived centuries of attack in Tibet, only to die out in Nepal. The violent treatment of shamans by the Buddhist lama has a long history in Tibet and neighboring Mongolia. At one point, shamans were burned at the stake. However, in the mountainous Himalayan terrain, especially in the difficult to reach areas geographically distant from the Buddhist monastic urban centers, shamans were respected and their work revered. Peters's authoritative and meticulous research into the belief systems of these last surviving representatives of the shamanic traditions of the remote Himalayas preserves, in vivid detail, the techniques of ecstasy, described as pathways to the shamanic spiritual world.
