Poems of Catullus Gaius Valerius Catullus 1899

The Iliad Of Homer. Translated by Mr. Pope 1715

Poems, Chiefly Lyrical Alfred Lord Tennyson 2015-06-17 Alfred Tennyson, 1st Baron Tennyson, FRS was Poet Laureate of Great Britain and Ireland during much of Queen Victoria's reign and remains one of the most popular British poets. Tennyson excelled at penning short lyrics, such as "Break, Break, Break," "The Charge of the Light Brigade," "Tears, Idle Tears" and "Crossing the Bar." Much of his verse was based on classical mythological themes, such as Ulysses, although In Memoriam A.H.H. was written to commemorate his friend Arthur Hallam, a fellow poet and student at Trinity College, Cambridge, after he died of a stroke aged just 22. Tennyson also wrote some notable blank verse including Idylls of the King, "Ulysses," and "Tithonus." During his career, Tennyson attempted drama, but his plays enjoyed little success. A number of phrases from Tennyson's work have become commonplaces of the English language, including "Nature, red in tooth and claw" (In Memoriam A.H.H.), "'Tis better to have loved and lost / Than never to have loved at all," "Theirs not to reason why, / Theirs but to do and die," "My strength is as the strength of ten, / Because my heart is pure," "To strive, to seek, to find, and not to yield," "Knowledge comes, but Wisdom lingers," and "The old order changeth, yielding place to new." He is the ninth most frequently quoted writer in The Oxford Dictionary of Quotations

The Siege of Troy Theodor Kallifatides 2019-09-10 In this perceptive retelling of The Iliad, a young Greek teacher draws on the enduring power of myth to help her students cope with the terrors of Nazi occupation. Bombs fall over a Greek village during World War II, and a teacher takes her students to a cave for shelter. There she tells them about another war—when the Greeks besieged Troy. Day after day, she recounts how the Greeks suffer from thirst, heat, and homesickness, and how the opponents meet—army against army, man against man. Helmets are cleaved, heads fly, blood flows. And everything had begun when Prince Paris of Troy fell in love with King Menelaus of Sparta's wife, the beautiful Helen, and escaped with her to his homeland. Now Helen stands atop the city walls to witness the horrors set in motion by her flight. When her current and former loves face each other in battle, she knows that, whatever happens, she will be losing. Theodor Kallifatides provides remarkable psychological insight in his version of The Iliad, downplaying the role of the gods and delving into the mindsets of its mortal heroes. Homer's epic comes to life with a renewed urgency that allows us to experience events as though firsthand, and reveals timeless truths about the senselessness of war and what it means to be human.

Economy of the Unlost Anne Carson 2009-04-11 The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became

estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

La rivista è organizzata in tre sezioni: la prima contiene saggi e articoli; la seconda presenta discussioni e analisi d'opera relative alle scienze linguistiche e letterarie; la terza sezione ospita recensioni e una rassegna di brevi schede bibliografiche riguardanti la linguistica generale e le linguistiche delle singole lingue (francese, inglese, russo, tedesco). La rivista pubblica regolarmente articoli in francese, inglese, italiano e tedesco, e occasionalmente anche in altre lingue: nel 2010, ad esempio, ha pubblicato un volume tematico interamente in russo.

The Last Odyssey James Rollins 2020-03-24 To save the world and our future, Sigma Force must embark on a dangerous odyssey into an ancient past whose horrors are all too present in this page-turning thriller from #1 New York Times bestselling author James Rollins that combines cutting-edge science, historical mystery, mythology, and pulse-pounding action. For eons, the city of Troy—whose legendary fall was detailed in Homer's Iliad—was believed to be myth, until archaeologists in the nineteenth century uncovered its ancient walls buried beneath the sands. If Troy was real, how much of Homer's twin tales of gods and monsters, curses and miracles—The Iliad and The Odyssey—could also be true and awaiting discovery? In the frozen tundra of Greenland, a group of modern-day researchers stumble on a shocking find: a medieval ship buried a half-mile below the ice. The ship's hold contains a collection of even older artifacts—tools of war—dating back to the Bronze Age. Inside the captain's cabin is a magnificent treasure that is as priceless as it is miraculous: a clockwork gold map imbedded with an intricate silver astrolabe. The mechanism was crafted by a group of Muslim inventors—the Ban? M?s? brothers—considered by many to be the Da Vincis of the Arab world—brilliant scientists who inspired Leonardo's own work. Once activated, the moving map traces the path of Odysseus's famous ship as it sailed away from Troy. But the route detours as the map opens to reveal a fiery river leading to a hidden realm underneath the Mediterranean Sea. It is the subterranean world of Tartarus, the Greek name for Hell. In mythology, Tartarus was where the wicked were punished and the monstrous Titans of old, imprisoned. When word of Tartarus spreads—and of the cache of miraculous weapons said to be hidden there—tensions explode in this volatile region where Turks battle Kurds, terrorists wage war, and civilians suffer untold horrors. The phantasmagoric horrors found in Homer's tales are all too real—and could be unleashed upon the world. Whoever possesses them can use their awesome power to control the future of humanity. Now, Sigma Force must go where humans fear to tread. To prevent a tyrant from igniting a global war, they must cross the very gates of Hell.

It was intended for his older brother Gallio, to whom Seneca also dedicated his dialogue entitled De Ira ('On Anger'). It is divided into 28 chapters that present the moral thoughts of Seneca at their most mature. Seneca explains that the pursuit of happiness is the pursuit of reason - reason meant not only using logic, but also understanding the processes of nature. This new edition of De Vita Beata from Enhanced Media includes an introduction by William Smith.

They're both convinced / that a sudden passion joined them. Such certainty is beautiful, / but uncertainty is more beautiful still. Love at First Sight is a beautiful poem about love and chance and destiny by the 1996 Polish winner of the Nobel Prize for Literature. Illustrated by Italian artist Beatrice Gasca Queirazza, Szymborska's poem comes to life in entirely new ways for her readers and for lovers everywhere in this oversized book perfect for gift giving. As the poem unfolds, the reader's assumptions—like those of the lovers themselves—about certainty and destiny are utterly upended, revealing the paradox and mystery of fate. Here is randomness, tricks of memory, and chance, where noticing the smallest details of our intertwined lives is more essential than asking, Are we meant for each other?
