She was naive to the ways of the entertainment business, but was determined to make a good impression. What she wasn't prepared for was the electricity she would feel between them from the moment of their first meeting. Soon they had embarked on a stormy, seductive love affair, with liaisons in opulent hotels across Australia and around the world. Ava also felt the weight of her conscience - she had never, ever imagined herself as the other woman. However, it had been a long time since she'd been able to truly trust a man, and Hugh seemed to be only one who could come close to breaking down the protective walls Ava had built around her heart. Confessions of A Millionaire's Mistress is the true story of an innocent young woman who found herself swept into a passionate, irresistible romance with a charismatic, wealthy, powerful man who is used to getting what he wants - whatever the cost.

Before Journalism Schools Randall S. Sumpter 2018-06-29 Randall Sumpter questions the dominant notion that reporters entering the field in the late nineteenth century relied on an informal apprenticeship system to learn the rules of journalism. Drawing from the experiences of more than fifty reporters, he argues that cub reporters could and did access multiple sources of instruction, including autobiographies and memoirs of journalists, fiction, guidebooks, and trade magazines. Arguments for “professional journalism” did not resonate with the workaday journalists examined here. These news workers were more concerned with following a personal rather than a professional code of ethics, and implemented their own work rules. Some of those rules governed “delinquent” behavior. While scholars have traced some of the connections between beginning journalists and learning opportunities, Sumpter shows that much more can be discovered, with implications for understanding the development of journalistic professionalism and present-day instances of journalistic behavior.
