The Delhi Sultanate Peter Jackson 2003-10-16 The book represents the first comprehensive history of the Delhi Sultanate from 1210-1400.

Society and Economy in Ancient India Nita Verma 1992 On the history of the Maitrakas of Valabhi, contemporaries of the later Gupta dynasty; study primarily based on the numerous inscriptions issued by the Maitrakas monarch.

India's Ancient Past R.S. Sharma 2006-09-18 This book presents a complete and accessible description of the history of early India. It starts by discussing the origins and growth of civilizations, empires, and religions. It also deals with the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as at the Harappan civilization. In addition, the rise of Jainism and Buddhism, Magadha and the beginning of territorial states, and the period of Mauryas, Central Asian countries, Satvahanas, Guptas, and Harshavardhana are also analysed. Next, it stresses varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. Finally, the process of transition from ancient to medieval India and the origin of the Aryan culture has also been examined.

The Past Before Us Romila Thapar 2013-10-14 The claim that India--uniquely among civilizations--lacks historical writing distracts us from a more pertinent question: how to recognize the historical sense of societies whose past is recorded in ways very different from European conventions. Romila Thapar, a distinguished scholar of ancient India, guides us through a panoramic survey of the historical traditions of North India, revealing a deep and sophisticated consciousness of history embedded in the diverse body of classical Indian literature. The history recorded in such texts as the Ramayana and the Mahabharata is less concerned with authenticating persons and events than with presenting a picture of traditions striving to retain legitimacy amid social change. Spanning an epoch from 1000 BCE to 1400 CE, Thapar delineates three strains of historical writing: an Itihasa-Purana tradition of Brahman authors; a tradition composed mainly by Buddhist and Jaina monks and scholars; and a popular bardic tradition. The Vedic corpus, the epics, the Buddhist canon and monastic chronicles, inscriptional evidence, regional accounts, and literary forms such as royal biographies and drama are all scrutinized afresh--not as sources to be mined for factual data but as genres that disclose how Indians of ancient times represented their own past to themselves.

Nepal Country Study Guide - Strategic Information and Developments IBP USA 2012-03-03 Nepal Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments

Encountering Buddhism and Islam in Premodern Central and South Asia Blain Auer 2019-08-19 This volume brings together a variety of historians, epigraphists, philologists, art historians and archaeologists to address the understanding of the encounter between Buddhist and Muslim communities in South and Central Asia during the medieval period. The articles collected here provoke a fresh look at the relevant sources. The main areas touched by this new research can be divided into five broad categories: deconstructing scholarship on Buddhist/Muslim interactions, cultural and religious exchanges, perceptions of the other, transmission of knowledge, and trade and economics. The subjects covered are wide ranging and demonstrate the vast challenges involved in dealing with historical, social, cultural and economic frameworks that span Central and South Asia of the premodern world. We hope that the results show promise for future research produced on Buddhist and Muslim encounters. The intended audience is specialists in Asian Studies, Buddhist Studies and Islamic Studies.

Indian Epigraphy Richard Salomon 1998-12-10 This book provides a general survey of all the inscriptional material in the Sanskrit, Prakrit, and modern Indo-Aryan languages, including donative, dedicatory, panegyric, ritual, and literary texts carved on stone, metal, and other materials. This material comprises many thousands of documents dating from a range of more than two millennia, found in India and the neighboring nations of South Asia, as well as in many parts of Southeast, central, and East Asia. The inscriptions are written, for the most part, in the Brahmi and Kharosthi scripts and their many varieties and derivatives. Inscriptional materials are of particular importance for the study of the Indian world, constituting the most detailed and accurate historical and chronological data for nearly all aspects of traditional Indian culture in ancient and medieval times. Richard Salomon surveys the entire corpus of Indo-Aryan inscriptions in terms of their contents, languages, scripts, and historical and cultural significance. He presents this material in such a way as to make it useful not only to Indologists but also non-specialists, including persons working in other aspects of Indian or South Asian studies, as well as scholars of epigraphy and ancient history and culture in other regions of the world.

Religion and Society in Arab Sind Derryl N. MacLean 1989 The book has no illustrations or index. It may have numerous typos or missing text. Purchasers are also entitled to a free trial membership in the General Books Club where they can select from more than a million books without charge. Original Publisher: Harrisburg, Pub. by the Board of Commissioners for the Second Geological Survey; Publication date: 1884; Subjects: Geology; Science / Earth Sciences / Geology;

Women and Society in Early Medieval India Anjali Verma 2018-07-16 This book examines women and society in India during 600–1200 CE through epigraphs. It offers an analysis of inscriptional data at the pan-India level to explore key themes, including early marriage, deprivation of girls from education, property rights, widowhood and sat?, as well as women in administration and positions of power. The volume also

traces gender roles and agency across religions such as Hinduism and Jainism, the major religions of the times, and sheds light on a range of political, social, economic and religious dimensions. A panoramic critique of contradictions and conformity between inscriptional and literary sources, including pieces of archaeological evidence against traditional views on patriarchal stereotypes, as also regional parities and disparities, the book presents an original understanding of women's status in early medieval South Asian society. Rich in archival material, this book will be useful to scholars and researchers of ancient and medieval Indian history, social history, archaeology, epigraphy, sociology, cultural studies, gender studies and South Asian studies.

Historical Dictionary of Ancient India Kumkum Roy 2009 India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization. Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and philosophical ideas.

Essays in Indian History Irfan Habib 2002-01-01 This volume offers a collection of several of Professor Habib's essays, providing an insightful interpretation of the main currents in Indian history.

Journal of Indian History 1958

Sanskrit Inscriptions of Northern India Akhilesh K. Dubey 2005 This Book Deals With Economic And Social Studies In India Between The 10Th And The 12Th Centuries, Based On Inscriptions Of The Period.

The State and Society in Medieval India J. S. Grewal 2005 This important volume prepared under the auspices of The Project of History of Indian Science, Philosophy and Culture provides a comprehensive look at the social history of medieval India. It examines a wide range of aspects of medieval Indian history within the larger parameters of state and society: state forms and patronage, demographic distribution, societal organization, slavery, social change, gender relations, and urbanization.

The Economic Life of Northern India, C. A.D. 700-1200 Lallanji Gopal 1989 The vogue for economic history has increased in the post-Independence decades. But economic history is an exceedingly difficult discipline. The historian often gets lost in producing an inventory of static facts or else is committed to confirm a conceptual and interpretational framework copied from western history. The present monograph, approved for the Ph.D. degree of the University of London, is among the pioneering studies which have helped determine the scope, nature, methods and ideals for economic history. It delineates the details of economic life in a developmental manner taking due notice of the complex of terms and concepts in the sastric texts. In selecting the early medieval period as its subject of study the present work has inspired many other studies, and, by illuminating a much neglected period, has shed light alike on the ancient and medieval periods. It places the period in the total span of Indian history and hence has been the model for students of economic history and is recognised by historians in general as one of the most significant contributions on the socio-economic history of India.

Social and Rural Economy of Northern India, Cir. 600 B.C.-200 A.D.: Trade & commerce Atindranath Bose 1967

The Embodiment of Bhakti Karen Pechilis Prentiss 2000-01-06 This book offers an interpretive history of bhakti, an influential religious perspective in Hinduism. Prentiss argues that although bhakti is mentioned in every contemporary sourcebook on Indian religions, it still lacks an agreed-upon definition. "Devotion" is found to be the most commonly used synonym. Prentiss seeks a new perspective on this elusive concept. Her analysis of Tamil (south Indian) materials leads her to suggest that bhakti be understood as a doctrine of embodiment. Bhakti, she says, urges people towards active engagement in the worship of God. She proposes that the term "devotion" be replaced by "participation," emphasizing bhakti's call for engagement in worship and the necessity of embodiment to fulfill that obligation.

Precolonial India in Practice Cynthia Talbot 2001-09-20 The society of traditional India is frequently characterized as static and dominated by caste. This study challenges older interpretations, arguing that medieval India was actually a time of dynamic change and fluid social identities. Using records of religious endowments from Andhra Pradesh, author Cynthia Talbot reconstructs a regional society of the precolonial past as it existed in practice.

Social and Rural Economy of Northern India, Cir. 600 B.C.-200 A.D.: Industrial economy. Trade and commerce. Banking and currency. Occupation and employment. Social physiognomy Atindranath Bose 1945

Contributions to the Economic History of Northern India Puspa Niyogi 1962

The Routledge Handbook of the State in Premodern India Hermann Kulke 2022-01-13 This handbook presents a multilayered and multidimensional history of state formation in premodern India. It explores dense and rich local and subregional historiography from the mid-first millennium BC to the eighteenth century in South Asia. Shifting the focus away from economic and political factors, this handbook revises the conventional understanding of states and empires and locates them in their quotidian conduct and activity on socio-cultural and concomitant factors. Comprehensive in scope, this handbook addresses a range of themes connected with the idea of state formation in the subcontinent. It includes discussions and debates on ritual practices and the Brahmanical order in early India; the Delhi Sultanate and role of Sultans among the Hindu kings; the cosmopolitan 'Islamicate' cultural influences on Puranic Hinduism; cultural background of the Mughal state. The handbook examines new questions and ideologies of state formation, such as: - facets of violence and resistance; - the significance of the autonomous spaces and forests; - regional elites, including 'Little kings'; tribal background of some famous cults; - trade and maritime commerce; - royal patronage, courtly manners, lineage formation; - imperial architecture, monuments, and temple, among others. Featuring case studies from different part of the India subcontinent, and with contributions by renowned historians, this authoritative handbook will be an indispensable reading for teachers, scholars, and students of early India, medieval India, premodern India, South Asian history, Asian history, historiography, economic history, historical sociology, and South Asia studies.

Somanatha Romila Thapar 2008 A Sober, Analytical Demonstration Of The Various Tellings Of The Sack Of Somnath & [Explores] Not Just The Politics Of Memory, But Also How Remembrances Play On The Certitude Of Facts Shahid Amin In Outlook In 1026, Mahmud Of Ghazni Raided The Temple Of Somanatha. The History Of This Raid And Subsequent Events At The Site Have Been Reconstructed In The Last Couple Of Centuries Largely On The Basis Of The Turko-Persian Sources. There Were Other Sources That Also Refer To Events At Somanatha Throughout A Period Of Almost A Thousand Years, But These Have Rarely Been Quoted When Reconstructing This History. Until Very Recent Times, There Were Few Attempts To Either Juxtapose Or Integrate These Other Texts In Order To Arrive At A More Complete Understanding Of The History Of Somanatha. Such Sources Include Local Sanskrit Inscriptions, Biographies Of Kings And Merchants Written From A Jaina Perspective, Epics Of Rajput-Turkish Relations Composed At Various Rajput Courts And Popular Narratives Of The Activities Of Pirs And Gurus, All Of Which, In Some Way, Have A Bearing On The History Of Somanatha. This Book Is An Attempt To Draw Together These Numerous Voices, To View The Sources Comparatively, But Above All To Place Each Narrative In A Historical Context. This Also Involves Exploring Why A Particular, And Often Distinctive, Perspective Was Adopted By Each. It Suggests A Different History Of Somanatha From The One That Has Been Projected Through The Last Two Centuries. It Also Effectively Underlines The Significance Of Examining The Historical Perceptions Of How Authors Present Events, Both In The Narratives Written In The Past And In The Interpretations Of Past Events In Present Times. A Remarkable Example Of Assiduous And Open-Ended Historiography Hindustan Times

Sanskrit Inscriptions of Delhi Sultanate, 1191-1526 Pushpa Prasad 1990 Inscriptions Have Served As A Major Source Of Political History Of Ancient India, And They Remain Valuable For The Social And Cultural

History Of Medieval India, Where Political History Is Covered In Detail By Chronicles. This Collection Of Inscriptions In Sanskrit And Related Languages Dating From The Thirteenth To The Sixteenth Century Is An Important Addition To The Source Material On The Delhi Sultanate. Dust Jacket Slightly Frayed But In Excellent Condition.

The Economic Life of Northern India Lallanji Gopal 1965

Landownership in Nepal Mahesh Regmi 2021-05-28 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1976.

Indian National Bibliography 2011-07

The Routledge History of the Renaissance William Caferro 2017-03-27 Drawing together the latest research in the field, The Routledge History of the Renaissance treats the Renaissance not as a static concept, but as one of ongoing change within an international framework. It takes as its unifying theme the idea of exchange and interchange through the movement of goods, ideas, disease and people, across social, religious, political and physical boundaries. Covering a broad range of temporal periods and geographic regions, the chapters discuss topics such as the material cultures of Renaissance societies; the increased popularity of shopping as a pastime in fourteenth-century Italy; military entrepreneurs and their networks across Europe; the emergence and development of the Ottoman empire from the early fourteenth to the late sixteenth century; and women and humanism in Renaissance Europe. The volume is interdisciplinary in nature, combining historical methodology with techniques from the fields of anthropology, sociology, psychology and literary criticism. It allows for juxtapositions of approaches that are usually segregated into traditional subfields, such as intellectual, political, gender, military and economic history. Capturing dynamic new approaches to the study of this fascinating period and illustrated throughout with images, figures and tables, this comprehensive volume is a valuable resource for all students and scholars of the Renaissance.

A History of India Hermann Kulke 2004 This fourth edition of A History of India presents the grand sweep of Indian history from antiquity to the present in a compact and readable survey. The authors examine the major political, economic, social and cultural forces which have shaped the history of the subcontinent. Providing an authoritative and detailed account, Hermann Kulke and Dietmar Rothermund emphasize and analyze the structural pattern of Indian history. The fourth edition of this highly accessible book brings the history of India up to date to consider, for example, the recent developments in the Kashmir conflict.

Along with a new glossary, this edition also includes expanded discussions of the Mughal empire and the economic history of India.

A Socio-political and Economic Study, Northern India Jai Narayan Asopa 1990 Interpretations of the history of northern India, from 650 to 1200 A.D.

The Language of History Audrey Truschke 2021-01-05 For over five hundred years, Muslim dynasties ruled parts of northern and central India, starting with the Ghurids in the 1190s through the fracturing of the Mughal Empire in the early eighteenth century. Scholars have long drawn upon works written in Persian and Arabic about this epoch, yet they have neglected the many histories that India's learned elite wrote about Indo-Muslim rule in Sanskrit. These works span the Delhi Sultanate and Mughal Empire and discuss Muslim-led kingdoms in the Deccan and even as far south as Tamil Nadu. They constitute a major archive for understanding significant cultural and political changes that shaped early modern India and the views of those who lived through this crucial period. Audrey Truschke offers a groundbreaking analysis of these Sanskrit texts that sheds light on both historical Muslim political leaders on the subcontinent and how premodern Sanskrit intellectuals perceived the "Muslim Other." She analyzes and theorizes how Sanskrit historians used the tools of their literary tradition to document Muslim governance and, later, as Muslims became an integral part of Indian cultural and political worlds, Indo-Muslim rule. Truschke demonstrates how this new archive lends insight into formulations and expressions of premodern political, social, cultural, and religious identities. By elaborating the languages and identities at play in premodern Sanskrit historical works, this book expands our historical and conceptual resources for understanding premodern South Asia, Indian intellectual history, and the impact of Muslim peoples on non-Muslim societies. At a time when exclusionary Hindu nationalism, which often grounds its claims on fabricated visions of India's premodernity, dominates the Indian public sphere, The Language of History shows the complexity and diversity of the subcontinent's past.

Socio-economic Exploration of Medieval India, from 800 to 1300 A.D. Purushottama Candra Jaina 1976 Chiefly on the socioeconomic and political status of laborers and artisans in medieval India.

Voyages in World History, Volume I Valerie Hansen 2022-06-06 Discover how history is composed of the captivating stories of interesting people with Hansen/Curtis' VOYAGES IN WORLD HISTORY, 4E.
