Lame of Thrones The Harvard Lampoon 2020-11-10 From Harvard's legendary humor publication comes an outrageous, uproariously funny parody of Game of Thrones, in the tradition of their previous bestselling parody book classics Bored of the Rings, Nightlight, and The Hunger Pains. An affectionate but take-no-prisoners send-up of the massive literary and television franchise, Lame of Thrones offers fans a way of reentering the fictional world they have come to love and merrily explodes all of its conventions -- as well as their expectations of the characters -- to hilarious ends. It may even leave you more satisfied than the actual TV ending of Game of Thrones. In fact, if it doesn't the Lampoon has really dropped the ball. Lame of Thrones will take you to Westopolis, where several extremely attractive egomaniacs are vying to be ruler of the realm and sit on the Pointy Chair. Our hero Jon Dough was a likely bet, but his untimely murder at the hands of his own men of the Night's Crotch has made that seem less likely. Will Dragon Queen Dennys Grandslam escape from her Clothkhaki captors and return to conquer the world? Or will she just get left in the desert counting grains of sand for the rest of the book? And what about Jon Dough's siblings? Will they be mentioned? Probably? Almost definitely, yes? It would be weird if they weren't prominent characters in the book, you say? To find out, read the book you wish George R.R. Martin would write but never will. The Lampoon -- the place where such comedy writers and performers as Conan O'Brien, Colin Jost, B.J. Novak, Patricia Marx, Alan Yang, Andy Borowitz and many more all got their start -- is ready to serve parody notice to the most entertaining, infuriating, and inescapable cultural phenomenon of the past decade.

'In my time I have come in on the aftermath of maybe a thousand suspicious deaths, most of which turned out to be suicides, accidentals, or plain unattendeds. So I've seen them all: jumpers, stumpers, dumpers, dunkers, bleeders, floaters, poppers, bursters. But of all the bodies I have ever seen none has stayed with me, in my gut, like the body of Jennifer Rockwell. I say all this because I am part of the story I am going to tell, and I feel the need to give you some idea of where I'm coming from.' Night Train is a mystery story which lingers in the reader's mind even after Mike Hoolihan declares the case closed. 'Tough, noir, Chanderlesque' Independent 'Night Train is both delicate and bruising - a long drawn-out blue note. The book hangs around in the mind like smoke in a jazz club' Telegraph Magazine

Philosophical Interventions Martha C. Nussbaum 2012-01-24 This volume collects the notable published book reviews of Martha C. Nussbaum, an acclaimed philosopher who is also a professor of law and a public intellectual. Her academic work focuses on questions of moral and political philosophy and on the nature of the emotions. But over the past 25 years she has also written many book reviews for a general public, in periodicals such as The New Republic and The New York Review of Books. Dating from 1986 to the present, these essays engage, constructively and also critically, with authors like Roger Scruton, Allan Bloom, Charles Taylor, Judith Butler, Richard Posner, Catharine MacKinnon, Susan Moller Okin, and other prominent intellectuals of our time. Throughout, her views defy ideological predictability, heralding valuable work from little-known sources, deftly criticizing where criticism is due, and generally providing a compelling picture of how philosophy in the Socratic tradition can engage with broad social concerns. For this volume, Nussbaum provides an intriguing introduction that explains her selection and provides her view of the role of the public philosopher.

The self is a relation which relates itself to its own self, or it is that in the relation [which accounts for it] that the relation relates itself to its own self; the self is not the relation but [consists in the fact] that the relation relates itself to its own self. Man is a synthesis of the infinite and the finite, of the temporal and the eternal, of freedom and necessity; in short, it is a synthesis.
